

- Just add black food colouring to your Rice Krispie treats!
- Then spoon little odd shaped lumps of mixture onto a piece of grease proof paper and leave to set. (Be warned, they're very sticky!)
- Pop them in a clear plastic bag and tie with Christmas ribbon.
- Print the labels onto sticker paper and attach to the front of each bag, or print on card and attach to the ribbon.

A lump of coal would be quite shocking

If you found it in your stocking.

But a lump of coal that you can eat?

Why that's just a lovely treat!

*Merry Christmas!*
